

Our editorial programme

Submitted by [Jesper Conrad](#) [1] on September 28, 2011 - 12:14 [About us](#)[2]

ScienceNordic's editorial team delivers news and in-depth coverage of the best science to come out of the Nordic countries – fresh to your screen every day. We are an independent media with an inquisitive voice and a strong commitment to accuracy and fairness.

ScienceNordic also carries content from non-commercial partners. We collaborate closely with universities and research councils that make an effort to disseminate their science stories to the public. Their content is presented separately on the site, clearly marked with the relevant institution.

ScienceNordic is dedicated to delivering the highest-quality content to our audience, and the editorial team approves everything that is published on the site.
